

SWANLEY TOWN COUNCIL

Training Policy & Procedure

POLICY STATEMENT

Swanley Town Council {"the Council"} recognises the important contribution that training makes both for the effective operation and improvement of its services and for the career development of its individual employees. The Council will encourage members to undertake training appropriate to their circumstances and will encourage each employee to undertake training in order to develop their individual skills and abilities.

To this end, advice and assistance on training will be given relevant to members and employees, including volunteers.

Policy Objective

The training policy refers to all members and employees and seeks to:-

- (a) provide induction training for new members and staff, including volunteers, and for those transferred to new roles;
- (b) ensure that appropriate training is available to enable individuals to achieve effective performance in their roles;
- (c) provide training and development for possible future individual roles and responsibilities and additional activities to be undertaken by the Council;
- (d) provide information, instruction and training to ensure the health and safety of all members, employees and volunteers;
- (e) provide instruction and training on the Council's operational policies, practices and procedures.

The Council recognises that because of its size, opportunities for promotion are limited. Ambitious staff are likely to obtain promotion elsewhere but we recognise our responsibility for providing training for staff development.
