ESTATES AND FACILITIES

Date 12th July 2018

Dear Member

A meeting of the above committee will be held at the Council Chamber, Civic Centre on **Wednesday 18th July 2018 from 7:30pm** or at the conclusion of the public participation session.

Mr S Nash
CEO / Town Clerk

Committee Members: (Chair) Cllr N Scott, (Vice Chair) Cllr J Barnes, Cllr C Barnes, Cllr P Darrington, Cllr E Komolafe, Cllr R Morris, Cllr V Southern

PUBLIC PARTICIPATION

If required, the meeting will be preceded by a public participation period of up to 15 minutes in total at 7:30pm. Members of the public are also entitled to speak, during the meeting, on agenda items only and with express permission from the Chairman / Mayor. Those wishing to speak on an Agenda item must indicate this during Public Participation.

RECORDING (AUDIO AND / OR VIDEO OF COUNCIL MEETINGS AND USE OF SOCIAL MEDIA

During this meeting the public are allowed to record the Committee and Officers from the front of the public seating area only, providing it does not disrupt the meeting. Any items in the exempt Part of an agenda cannot be recorded and no recording device is to be left behind. If another member of the public objects to being recorded, the person(s) recording must stop doing so until that member of the public has finished speaking. The use of social media is permitted, but all members of the public are requested to switch their mobile phone devices to silent for the duration of the meeting.

MOBILE PHONES

Member of the public are reminded that the use of mobile phones (other than on silent) is prohibited at Town Council and Committee meetings.

AGENDA

1. APOLOGIES FOR ABSENCE
2. DECLARATIONS OF INTEREST

3. MINUTES OF THE PREVIOUS MEETING

To approve as correct the Minutes of the Meeting held on Wednesday 18th April 2018

4. ESTATES AND FACILITIES MANAGER REPORT

To comment on the report and ask questions of the Manager

5. PARKS MANAGER

To comment on the report and ask questions of the Manager

6. DATE OF NEXT MEETING – 17th October 2018

If you would like further information on any of the agenda items, please contact Mr Steve Nash, on 01322 611663 or snash@swanleytowncouncil.gov.uk

To: Estates and Facilities Committee – 18th July 2018

By: Estates and Facilities Manager

Subject: Update since the last meeting

Recommendation: To note this report and to consider any recommendations

1. New Vehicle

Due to the issues with the Ford Transit model we currently leasing, we are in the process of trying to return the vehicle and terminate the lease contract so we can purchase a more reliable vehicle.

2. Fire and Legionella Risk Assessments

These have now been carried out and the Fire Emergency plans have been rolled out through each venue. There are some minor works to be carried out on the back of the Fire Risk Assessments. A monitoring regime needs to be put in place for the Legionella and the best way for this would be a mix of external contractor and internal monitoring. Legionella awareness training would be required for some staff.

3. Rental Incomes

All the Licenses to Occupy or lease agreements linked to income have now been issued.

The Micro Brewery at Station Road formally opened on the 2nd of July with a visit from Sir Michael Fallon and has been received very well by local residents.

Unfortunately due to the proposal for the Suns Basketball centre at the Olympic the Archery centre have pulled out.

4. Land Ownership

We are still waiting for final searches to be completed on the land areas on the Waterton Estate before the title deed can be finalised and signed over from Taylor Wimpey

Petham Allotment society have provided the evidence of the agreement for their occupancy of that parcel of land without a fee being paid to STC and a formal tenancy lease (without fee) is now being drafted by the solicitors.

5. Future Projects and Maintenance

We have started major works to the back section of the boating lake to help with the annual problem of dropping water levels. We expect this to take up to 3 to 4 weeks involving various staff so unfortunately some other smaller projects like the flower planter proposed and supported by Councillor Horwood will have to be put on hold temporarily.

We hope to carry out verti-draining on the rugby pitch and some sandboxing by the end of August to make a start in the regeneration of the pitch area and then after the 2018/19 season has finished the intention is to carry out more works including top grading and seeding.

We are looking at the costs to take over the grass cutting contract throughout Swanley from the KCC. If, we secure the contract it is hoped we can deliver a higher standard of maintenance throughout the town. Alongside the KCC grass cutting contract we are also looking to secure a contract to provide ground maintenance for CBRE, the KCC contract alone will require an additional member of staff to be recruited but with the revenue from both contracts the position/salary will be fully covered.

6. The Woodlands.

The sale of the Woodlands is progress.

7. Bus Shelters

Following the successful advertising and regeneration of the Azalea Drive bus stops we are planning a similar thing for the one at end of Station Road by the Lullingstone pub. But again this will be delayed due to works at the lake.

Area	Works To Be Carried Out	Date Planned	Issues	Completed
Swanley Park Play Area	Repairs to Roundabout & Craddle Swing	2 week Window from 3rd July	Parts Being imported !!!!	Yes 19th Aug
Swanley Park Play Area	Repairs to other Items	Jul-17	Awaiting response from Fenland	Yes 6th Sept
Petham Play Area	Repairs to Play Equip.	Aug-17	Funding	Yes 27th Sept
Swanley Recreation Ground	Repairs to Play Equip.	Sep-17	Funding	Completed October 17
Swanley Park Sports Pitch Area	Work Required to Bring Playing Surface up to Scratch	July-Sept. 2017	Funding & Time. Now the season has started we will have to wait till spring 2018 to verti drain, re soil & seed	
Olympic	Boiler Replacement	2nd & 3rd October	Acquiring 3 Quotes , Asbestos to be Removed and Funding	7th October
Olympic	2nd Part of Heating / Mains Water supply works	?	Funding	
Olympic	Decorating	May-17	Funding	
Olympic & Alexandria Suite	Deep Clean of Kitchen	26th,27th,28th October		Yes
Archer Way	Install handrail	Jul-17	Items purchased awaiting time to install	Yes
Replacement Fridge/Freezer for Alex Kitchen	The one they have is U/S		£1200 - £1500 for a cheap less efficient one	
New Barn Road	Install new Park Signpost	June/July 2017	Awaiting space in schedule to Install	June 20th
Parks Yard	Prepare for Athletics club move to Workshop.	Jul-17	Finish building Step & remove Steel Guider	Yes
Swanley Park	Drain Survey	Jun-17	To Investigate invert levels are correct before going out to tender for Sewage connection	Yes
Swanley Park	Connect toilets to Mains drains	when funding allows	Get connected to alleviate the need and cost of Cesspit	
Swanley Park Lake	Repair Leak	2017/18	Funding. Very large scale job. Finding companies to carry out such works	See item below
Swanley Park Toilets	Various Maintenance & Repairs	June/July 2017	On going repairs	
Town Centre	Replace Xmas Tree Base	Before 25th Nov 2017		Yes
Tree Survey across whole estate	Before end of year	Between £700 & £1200		Yes Jan 18
Splash pool	Repairs to surfaces	Before April 2018		Yes 13/14 March
Olympic	CCTV to be replaced	As soon as Possible	Funding	YES June 2018
Swanley Park	Tree Trek Ladder Repair to broken string	As soon as Possible		Feb-18

Swanley Park	Build Paddle Boat Pool	WC 26th Feb		30th March
Olympic Roof Leak	ASAP	£800 - £1500		YES 01/02/2018
Footbal Changing rooms	Repairs to roof to stop ingress of water	when funding allows	Major ingress of water for several years. But needs dealing with thus year before Changing rooms become unsafe.	
Football changing rooms	Refurbishment of Changing rooms	when funding allows	Ceilings have wet rot in them now and are becoming unsafe as electrics are damp now as well.

- Tools & Plant Maintenance
- Tennis Nets

- Up Date Banners
- Line Marking
- Mowing of bowls green twice a week

5 year Electrical Inspection due 2019

To: Estates & Facilities Committee
From: Ryan Hayman Park Manager
Date: 18 July 2018
Subject: Update

1. Purpose of report

1.1 To inform the committee of any new projects, bookings or changes to operations.

2. Recommendations

2.1 To accept the update report and note any information contained within.

3. Background and information

3.1 Swanley Park

3.1.1 New Activities – Our new bouncy zone has proven to be a real hit, April – June has seen a sharp income rise. The inflatables have been relocated from the decking to behind and next to the hand boat pool. This was to make room for the introduction of a race track and battery cars. These are coin operated, meaning they do not need fulltime staff supervision. The cars came to us for free, as part of a shared lease agreement, which involves splitting the income 50/50 between Swanley Town Council and Leisure Matic. These have provided additional income at no cost to the Council.

Another new activity is being installed on 19th July. A JCB sit on digger ride will be placed next to the race track on the decking. Once again in partnership with Leisure Matic, the ride has come to us for free and will follow the same agreement as the battery cars. These new attractions have not stopped the hand boat pool from being popular, an activity which made little over £50 last year has already brought in an income in excess of £2000.

3.1.2 Inflatable Safety – With the recent headlining incidents, it is worth noting how the inflatables at Swanley Park are kept safe. They are secured and clipped in place on each handle, these tethered points are bolted and anchored down under ground level. The castles are deliberately not over inflated. They have both passed the safety check PIPA and are risk assessed annually. In addition, a daily inspection is undertaken and recorded.

Report Notes:	All items inspected and found to be in good condition. No safety issues identified.		

3.1.3 Green Space Improvements

– Work has just began at removing the hedges next to the boating kiosk, in front of the lake. This has vastly improved the area and means park users can enjoy views from a previously obscured bench view. In addition, the hedges where pulling in already depleted levels of water from the lake. Removing these helps restore the lake to sufficient volumes. The

area behind the island has already dried out, staff have been working flat-out to build a temporary dam. This will be in place whilst water is being pumped into the lake from the Thames Water supply point. This area is being dug deeper for the future benefit of being able to store high quantities of water. Other work around the Park includes general; hedge trimming, cutting, line marking and watering the many new plants around the Park. Furthermore, the forestry commission visited on 11/07/18, to inspect tree health, we are awaiting the results.

3.1.4 Toilets – Reacting to some constructive feedback from previous years, we have now introduced two extra female cubicles. These are in the shared baby changing facility. In previous years, either one or both had been closed off for public use. This was deemed unsupportable in the wake of visitor feedback. Minor work was required to make these suitable for use. Furthermore, our disabled facility has been revamped, which has created a wider and safer space for the user.

3.1.5 Additional Parking – A new and professional layout was introduced in May. This system allows for the smooth passage of higher volumes of traffic and eases the burden on local roads. A new road was created to create two – way traffic, with staff and signs aiding the process further. These changes have led to no visitors being turned away, since its introduction.

3.1.6 CCTV – A new CCTV system has been installed in the Park. This will be directly connected to the CEO and Park Manager for instant access. The system has replaced broken old equipment and has included one additional camera to cover the inflatable and hand boat zone.

3.1.7 Candy Floss – There is a new attraction stall at Swanley Park selling a wide variety of candy floss flavours. The Park receives 10% of the takings, which is proving a success to date. The stall holder has made a real effort decorating the hut, which is extremely eye catching.

3.1.8 Park Events – Happy’s Circus was a resounding hit with the local residents. The opening night was a charity function supporting Cllr Dyball’s chosen charity, We Are Beams. They raised £285 on the night and gave the children a great show to watch for free. In addition to this, the other shows pulled in an average of 250 audience members per show, across 5 days and 7 shows. The Council received all Car Parking fees, and 5% from ticket sells. DNG Bouncy Kingdom visited the Park over both Bank Holidays and paid a third of their takings to the Council. Kent Fire and Rescue visited the Park in June, this was a great opportunity to raise awareness and educate the community in fire safety. Various, schools and club organisations have booked at the Park for activity sessions led by our staff. Every Thursday at 10am, has seen the continued health walks led by Cllr Dyball. Number have been steadily increasing and the sessions are proving an important social aspect as well as health. Every Sunday, Swanley Rugby Club have launched Mini Rugby sessions, 10am – noon.

3.1.9 Park Map – Our first attraction map has been created, this is placed down by the bottom car park and by the top car park, as well as being online. Visitors have already commented on the usefulness of the map.

3.1.10 Green Flag – Swanley Park is proud to announce that we have successfully been awarded the Green Flag 2018-2019. We scored 20 marks higher than in previous years. The judges noted vast improvements across the board after last year’s failure. An award ceremony is due to be held on 19th July at Hackney Town Hall. The complementary judges suggested the Park Manager to become a Green Flag judge.

3.1.11 Record Breaking - Swanley Park saw its busiest day ever during the Bank Holiday Monday with nearly 5000 visitors throughout the day and nearly double in takings beating all previous records.

The weather played its part, but new activities and better advertising are certainly having their impact on the number of visitors being seen in the park now every day of the week.

The Park also welcomed its first mystery shopper that day, scoring highly across all areas. The only issue stated was that it was too busy.

3.1.12 Railway Update - The Railway has refitted a closed for business board to the bottom station that has now lasted longer than previous attempts, and it has not been vandalised as yet. The improved fencing has now been finished around the station and the area by the houses. A new signal gantry is presently under construction to improve the look of the station area. The gantry will be in position the other end of the points to the main station, and is based on full size designs but with a SNBR logo incorporated. This should be finished and in place during the summer holidays. The summer gala preparations are going well, with buses, a few miniature traction engines and a few stalls all attending along with 3 visiting engines.

3.1.13 Swanley Café Update – New iced coffees are now on sale at the Café. These are already becoming a must buy for Park users. The first BBQ of the year was set up in June and provided visitors with tasty burgers and hot dogs. Finally, visitors can now purchase child swimwear from the toy section of the Café.

4. Reasons for recommendations

4.1 This report does not contain any decisions to be made; it just provides information to be noted.

5. Conclusions

5.1 As highlighted in this report, we continue to aim to maximise the use of our facilities, whilst also generating additional income for the Council.

Ryan Hayman

Park Manager
